

ROYAL  
CREDIT  
UNION

## How do we stack up?

Well, national rate watchdog DataTrac tells us that Royal's auto loan rates are up to

**50%** lower than our competitors.

## Every great story has at least one great car.

### Put money back in your pocket for the road trips.

Low riders, pink Caddies, little deuce coupes. Young women and their fast cars with horse insignias. An inability to adhere to a certain speed limit. So many legendary songs and stories feature an iconic vehicle. And at Royal Credit Union, we're here to save you money on yours.

Refinancing your vehicle loan is as easy as a Sunday drive in the country. To get started, simply head on over to [rcu.org/vehicleloans](http://rcu.org/vehicleloans), stop by any of our convenient locations, or call Member Loans at 1-800-341-9911 ext: 5282. And remember, when you work with Royal, you get a fast, local decision and can call us directly whenever you have a question.

Life really is a highway, so you might as well save a little cash to enjoy the ride.

Sincerely,

Royal Lending Team
