Clearview Live: The Video Teller Experience

It's here! The drive-up lanes at some of our branches have recently been upgraded with innovative, new technology that features video chat with our staff and allows members to experience all the capabilities of working with a live teller without having to step inside the branch.

The best part? Hours of operation for the new machines have been extended! Now our tellers can assist you during early morning, later evening and Saturday hours with Clearview Live.

- Monday thru Friday - 7 a.m. to 7 p.m.
- Saturday - 9 a.m. - 2 pm.

Video chat face-to-face with our friendly Personal Video Representatives from the comfort of your own car, and complete almost any transaction you could complete in the branch:

- Deposit and cash checks
- Deposit and withdraw cash
- Make loan payments
- Make transfers between accounts
- And, much more

Try it yourself! Our friendly Personal Video Representatives will be happy to help!

Where can I find Clearview Live?

So far, our Canonsburg, Center Township, Chippewa and Kennedy Township locations have launched this cutting-edge technology and our new Check back for updates and additional locations to be added throughout 2017.
